

New Authon Improvements

Roadway Improvements

- 4.5 miles of paving Improvements
- Improved drainage ditches and culverts
- Guardrail and safety improvements
- Pavement markings and signage

Project Funding:

Proposed Bond Funding: \$2,480,000

The alignment in the clouded area has been updated. Previous exhibit showed alignment on gravel road on private property and not on existing New Authon Road. The exhibit has been updated; however, the project budget and intent has not changed. Project always intended to remain within existing right-of-way of New Authon Road
